## **OPTION C:**

"Calling **all engineering grads**! **SCHOOL** has launched a new mentorship program for **current students**, and we're looking for **alumni** interested in getting involved.

This is an awesome opportunity to stay connected to the **SCHOOL** campus and to make a positive impact on the college experience of **engineering students** who may be facing challenges similar to those you went through not long ago.

In the program, you will:

- Have at least one conversation with your mentee every month.
- Meet over via videochat, phone, text/email, or in person.
- Update **SCHOOL** on your mentorship through your mentorcollective.org account.

The minimum time requirement for the program is just one hour/month. You don't have to be local to get involved, either--you can meet with your mentee via videochat, phone, or text/email as well as in person."
